Candidate Questionnaire

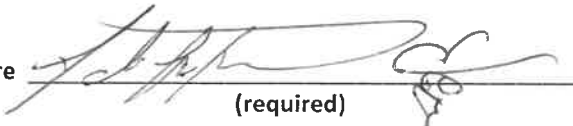

Please indicate your position on the following issues by marking "Yes," "No," or "Undecided."
 You may provide additional comments and explanations for your responses on a separate sheet of paper.
 (Failure to answer a question will result in a listing of "No Response" in the 2020 Voter Guide.)

- Should lower income parents who choose to educate their children in a non-public school be eligible to receive a state-funded scholarship grant to assist with the cost of tuition and fees?
 Yes No Undecided
 Personally, I would like to see better tax breaks for businesses to incentivise charitable giving to create more NPO scholarships.
- Should the advertising budget for the State Lottery be increased in an effort to increase lottery ticket sales?
 Yes No Undecided
 Lottery tickets sell themselves, and there are enough mega-lotto billboards around already.
- Should the N.C. Lottery Commission authorize the use of "digital instants," which would be equivalent to instituting Internet-based video poker or video sweepstakes operated online by the State Lottery?
 Yes No Undecided
 As a former casino dealer, I ABHOR machines that take away jobs from card dealers, but this could be an "in" for card room casinos in NC (refer to WA state)
- Should the State offer tax breaks and other financial benefits as an incentive for businesses to locate in N.C.?
 Yes No Undecided
 ALL new businesses, including first-time startup businesses that begin in NC by NC residents, should receive equal treatment.
- Should state nondiscrimination laws include "sexual orientation" and "gender identity" as protected classifications?
 Yes No Undecided
 Gender identity, outside of Male/Female, is based on an emotional platform, not a science-based platform.
- Should North Carolina continue to provide abstinence until marriage sexuality education in public schools?
 Yes No Undecided
 Not as an "only" option, however.

7. Should organizations that provide abortions be allowed to receive state funds?
 Yes No Undecided
Life begins at conception, but if there is a case of rape, incest, or life-threatening complications to the mother, I understand the position on that.
8. Should North Carolina law allow a medical professional to assist another person in ending their life?
 Yes No Undecided
If an individual has the cognitive ability to decide if he/she has suffered enough while in the state of inevitable death, whether disease or mortal wound of vegetative state, it is their right to decide.
9. Should state law require a health care practitioner, who is present at the time a child is born alive after a failed abortion attempt, to exercise the same degree of skill, care and diligence to preserve the life and health of that child as would be expected for any other child born alive at the same gestational age?
 Yes No Undecided
The fact that this issue has to be addressed is a clear indication of our country's decay in common sense.
10. Should access to public multiple occupancy bathrooms, showers and changing facilities be based on an individual's biological sex as designated on their birth certificate?
 Yes No Undecided
I'm a dad of two sons & a daughter. I want to keep them safe in a time when predators are much more prevalent. Also, this is a common sense issue.
11. Should churches and other qualified religious organizations continue to receive tax-exempt status?
 Yes No Undecided
12. Should the number of terms a state legislator may serve in the North Carolina General Assembly be limited?
 Yes No Undecided
I will be attached to any legislation to require it. (House: 5 terms, Senate: 3 terms)
13. Should a person's religious beliefs influence the decisions they make while serving in public office?
 Yes No Undecided
AND, if that person's religious beliefs aren't considered satisfactory to his/her constituents, that person ~~should~~ shouldn't get elected. That is, once again, simple, common sense.
14. Should North Carolina legalize the use of marijuana for medical purposes?
 Yes No Undecided
There's more than enough data from the scientific community to support this, and I've witnessed, first hand, how it can benefit patients.
15. Should the N.C. General Assembly reinstate a cap on the number of public charter schools in North Carolina?
 Yes No Undecided
I will delve deeper into this debate.
