 (Failure to answer a question will result in a listing of "No Response" in the 2020 Voter Guide.)

1. Should lower income parents who choose to educate their children in a non-public school be eligible to receive a state-funded scholarship grant to assist with the cost of tuition and fees?

Yes No Undecided

2. Should the advertising budget for the State Lottery be increased in an effort to increase lottery ticket sales?

Yes No Undecided

3. Should the N.C. Lottery Commission authorize the use of "digital instants," which would be equivalent to instituting internet-based video poker or video sweepstakes operated online by the State Lottery?

Yes No Undecided

4. Should the State offer tax breaks and other financial benefits as an incentive for businesses to locate in N.C.?

Yes No Undecided
Tax incentives have been broadly utilized but not equally so. If we choose to use them, companies of all sizes should be given the same opportunities to utilize them. There is an argument on the side of long-term businesses that simple cuts in both individual & corporate rates might better level the playing field.

5. Should state nondiscrimination laws include "sexual orientation" and "gender identity" as protected classifications?

Yes No Undecided

6. Should North Carolina continue to provide abstinence until marriage sexuality education in public schools?

Yes No Undecided

2020 NC Family North Carolina Voter Guide: Kristin Baker District 82 Comments:

4. Tax incentives have been broadly utilized but not equally so; if we choose to use them, companies of all sizes should be given the same opportunity to thrive. There is also an argument on the side of longstanding businesses (that would not qualify for incentives) that simple cuts in both individual and corporate rates might better level the playing field.

 12. My predecessor was able to impact educational advances specifically due to her years of accrued experience.

 14. Medical marijuana, carefully prescribed and and supervised, may be helpful, but its legalization has been associated with newly legalized recreational marijuana in other states.
