Thanks so much for sending this. Please note in your voter guide that "Michael Trudeau rejects the questionnaire on many grounds and invites voters to visit his website at www.michaeltrudeau.org."

Please understand that I have responded to you, and thus if you were to print "NO RESPONSE WAS RECEIVED FROM THE CANDIDATE" in your voter guide, that would be untrue and would do harm to my campaign. Thank you for understanding.

Alternatively, in addition to my website URL, you may also please print this content from my site in your voter guide:

BIOGRAPHY

I was born in Saint Paul, Minnesota, and in 2012 found my home here in Cary and my political home in the North Carolina Green Party (NCGP) soon after. I'm a graduate of Saint Paul Central High School, the University of Minnesota–Twin Cities, and Emerson College in Boston. I work independently as a book editor, contracting primarily with left/progressive/socialist publishers. I'm married with a son in Wake County Public Schools.

A "progressive" turned ecological socialist, I've been involved in antiwar, anticorporate, and environmental activism for over 20 years. I'm running for NC State Senate to give people who typically don't vote a reason to vote and to help build the NCGP into a mass party that puts people and planet first and capitalism in the dustbin.

An organizer with both the 2016 Jill Stein / Ajamu Baraka and 2020 Howie Hawkins / Angela Walker Green presidential campaigns, as well as the 2022 Matthew Hoh for Senate campaign, I've worked tirelessly to win ballot access for the Green Party particularly in North Carolina and Missouri, as well as across the country, because I believe we cannot win socialism or even progressive reforms without a mass-membership, anti-capitalist party that challenges the capitalist two-party racket.

Thanks so much, and best wishes,

Michael Trudeau
