Answers for NC Family Policy Council- 2024 Voter Guide Questionnaire

3. Should abortion be prohibited in North Carolina once a fetal heartbeat is detected?

I checked undecided for this, even though I am thoroughly pro-life and believe life begins at conception. A heartbeat bill isn't on the horizon in North Carolina and I believe we made strides when the law was changed from 20 weeks to 12 weeks. However, that is the most liberal abortion law in the south and I do support stronger provisions to protect the unborn child and support the mother so that she doesn't feel that abortion is her only option.

14. Should a person's religious beliefs influence the decisions they make while serving in public office?

As a strong, Bible-believing, Christian, I don't think there is anything I can do without my faith informing me. However, as an elected official, I will consider my constituents' needs and desires at the forefront of my votes. I would not be able to vote against my faith, but I do want my constituents to know that I am in office to represent them.
